Additional Online Tuition Resource for Yr 11 - 13

LearnCoach is a New Zealand based company that has been offering students online access to NCEA support since 2012. They have now added Ai tutoring to their offering of popular videos, guides, resource materials, and practice questions. There are resources available that cover a wide range of subjects and NCEA achievement standards, with more being added regularly.

For 2025 CHS has accepted an offer from LearnCoach for all Year 11-13 students to have access to the LearnCoach programme between 8.30-3.30 Mon-Fri and an additional 60 minutes a day outside of school hours. In addition to this self-directed time, teachers also have the ability to set tasks for students that they are able to complete at any time. Access to these free accounts is available during terms 1-3 and is a great resource for students to use as they learn material and prepare for internal assessments.

All Cambridge High School senior students have access to this free account and can activate their accounts by going to <https://learncoach.com/>, selecting register and complete the registration process using their school email address. Over 200 CHS students have already activated their accounts and have started using these resources.

We hope this addition tool in the kit is helpful as students work towards their NCEA goals.
